Dear Mr. Bell:

As requested in a letter to Mr. Dulles from the General Counsel, Bureau of the Budget, dated 31 August 1961, the United States Intelligence Board has considered the proposed amendments to Executive Order 10531, "Safeguarding Official Information in the Interest of the Defense of the United States."

The United States Intelligence Board has noted that the proposed revisions have been submitted by the Bureau of the Budget to the member departments and agencies, with a request for comments. As previously indicated in Mr. Dulles' letter to Mr. John F. Doherty, Chairman, Interdepartmental Committee on Internal Security, dated 4 August, which was forwarded to you by Mr. Doherty, the USIB desires to reiterate its view that Section 13 be amended. Accordingly, the USIB recommends that section 13 (b) be changed to read as follows:

"Nothing in this order shall supersede any requirement which appropriate authorities may impose or substitute for the protection to be given to communications intelligence and cryptologic information and their related activities."

With the exception noted above, the USIB feels that comments on the proposed revisions are a matter of responsibility of the individual departments and agencies. Therefore, the USIB has no additional comments to offer the Bureau of the Budget with respect to the proposed order.

Sincerely,
